4. BEST EXECUTION POLICY

BOSON ALFA LTD owes a duty to act honestly, fairly and professionally in accordance with the best interest of the Clients when placing orders with other entities for execution that result from decisions of the Company to deal in Financial Instruments on behalf of its Clients («best interest obligation»).

In connection with the above BOSON ALFA LTD, has established the Best Execution Policy which is available on the Company's website www.bosonalfa.com. This policy describes the factors and processes that the Company will adopt to meet the above obligations, and in particular how it will identify and utilize execution factors and criteria considering their relative importance when carrying out the portfolio management in relation to each class of Financial Instrument within the scope of MiFID II framework. This policy is not intended to cover all eventualities and all circumstances that may be relevant to a particular situation. It is designed to serve as appropriate disclosure of the order execution and transmission principles that the Company will follow.

By using our Services, you are deemed to consent to our Best Execution Policy.

5. INVESTMENT STRATEGY AND INVESTMENT OBJECTIVES

You can choose any Investment Strategy («Strategy») for the purposes of Portfolio management (please refer to Appendix 3.1-3.4) according to your investment objectives and risk profile determined during the Suitability test.

Within the terms of each Strategy BOSON ALFA LTD will maintain the Portfolio structure as close as possible to the structure provided in the description of the relevant Strategy chosen by you.

You may amend your Investment Objectives/reallocate your assets to another Strategy provided that the relevant notification is sent to BOSON ALFA LTD in 30 (thirty) days before such amendment is supposed to come into force and provided BOSON ALFA LTD has expressed its consent to such amendment and the new Investment Strategy is suitable for you based on your individual suitability assessment. Reallocation

of funds between the Strategies will be effected on the basis of your Instruction for reallocation of assets in a form agreed with the Company.

We may terminate/amend any of the existing Strategies by giving a notice to you not later than 30 (thirty) days before such termination/amendment is affected and place the information on Strategy termination/amendment on our official web-site. Within the said thirty-day period you may proceed to withdraw the assets from the relevant Strategy by way of their transfer to another Strategy or withdraw the assets from portfolio management in accordance with the respective procedure established herein.

In case of early termination of the Agreement, you acknowledge and undertake the risk that the Market Value of the assets returned you by us could be less than the Market Value of the assets placed under portfolio management/reallocated from other Strategies.

6. THIRD PARTIES AND SAFEGUARDING OF CLIENT ASSETS

You hereby acknowledge and agree that when providing Services to you we reserve the right to involve Third Parties at our own discretion, including those situated in jurisdictions other than European Union, including (but not limited to) brokers, depositories/custodians, clearing agents for any Transactions related to the Portfolio.

BOSON ALFA LTD will exercise due care and diligence when selecting any Third Parties to be involved in the provision of our Services hereunder. We will monitor and assess the relevant activities of the Third Parties in accordance with the appropriate arrangements, taking into account that we should always bear responsibility for performing our obligations to the Client under any concluded Agreement. Such third parties should be licensed by appropriate supervisory bodies of the states of their registration (and regulated, in case of insolvency, according to the rules of relevant countries).

You hereby agree that the Portfolio assets (as well as other Client's assets as the case may be) may be kept with the entities listed in the Appendix 5 hereto (but not limited to) or their upper banks, brokers or custodians as they may decide at their discretion.

In case of financial instruments, the Company takes into account the expertise and market reputation of the third party as well as any legal requirements related to the holding of your financial instruments that could adversely affect your rights.

The Company only deposits financial instruments with a third party in a jurisdiction where the safekeeping of financial instruments for the account of another person is subject to specific regulation and supervision and that third party is subject to this specific regulation and supervision. The Company will not deposit the financial instruments held on your behalf with a third party in a third country that does not regulate the holding and safekeeping of financial instruments for the account of another person unless one of the following conditions is met:

- The nature of the financial instruments or of the investment services connected with those instruments requires them to be deposited with a third party in that third country;
- You have requested BOSON ALFA LTD in writing to deposit them with a third party in that third country.

The above terms shall also apply when the third-party has delegated any of its functions concerning the holding and safekeeping of financial instruments to another third-party.

- A central bank;
- A credit institution authorized in accordance with Directive 2013/36/EU of the European Parliament and of the Council;
- A bank authorized in a third country.

We will exercise all due skill, care and diligence in the selection, appointment and periodic review of the credit institution where your funds are placed with the arrangements for the holding of those funds and we shall consider the need for diversification of these funds as part of our due diligence. We shall also take into account the expertise and market reputation of such institutions with a view to ensuring the protection of your rights, as well as any legal or regulatory requirements or market practices related to the holding of your funds that could adversely affect your rights.

The Company will take all the necessary steps to ensure that the clients' financial instruments and funds are safeguarded. Specifically, BOSON ALFA LTD will:

- maintain records and accounts enabling the Company at any time and without delay to distinguish assets held for one client from assets held for any other client and from its own assets;
- maintain records and accounts in a way that ensures their accuracy, and in particular their correspondence to the financial instruments and funds held for its clients and that they may be used as an audit trail;
- take the necessary steps to ensure that any client financial instruments deposited with a third party, in accordance with Article 3 of Delegated Directive 2017/593, are identifiable separately from the financial instruments belonging to the Company and from financial instruments belonging to that third party, by means of differently titled accounts on the books of the third party or other equivalent measures that achieve the same level of protection. However in some jurisdictions it may not be possible to identify separately the securities which a third party holds for clients from those which it holds for itself and for the Company, and there is a risk that the Client's securities could be withdrawn or used to meet obligations of the third party, or lost altogether if the third party becomes insolvent;
- introduce adequate organizational arrangements to minimize the risk of the loss or diminution of client assets, or of rights in connection with those assets, as a result of misuse of the assets, fraud, poor administration, inadequate record-keeping or negligence;
- introduce arrangements to ensure that clients' assets are safeguarded in the case of insolvency;
